Not accepted
printers, scanners, CRT monitors, stereo equipment

XPC Parking Lot

Before Arriving...

Please fill out the **Donation Form**

The RTP Owners & Tenants Association sustainability committee focuses on environmental issues facing RTP companies and employees. Donations that meet minimum standards will be used by our partner group, Kramden Institute, Inc., for possible refurbishing and donation to less-advantaged students in North Carolina. The donor may receive a tax donation receipt. Kramden takes data security very seriously and will wipe every hard drive that is donated or physically destroy the drives if they cannot be reused.
